

DIVINARE
Assaggia il futuro

“

...In order to organize the room, one should not only build walls, but also cover them with roof, give them life, but especially make them lose their substantivity, fill them with spirit through light ...

DIVINARE is synonymous with sophistication and luxury. The unique lighting products of the Italian brand reflect individuality and give complete freedom of selfexpression.

A wide range of shapes, colors and materials, ranging from multifaceted crystal and shiny metal, ending with Murano glass, allows you to realize the most daring ideas.

The history and success of DIVINARE has been made by people whose professionalism deserves high trust since 2005. These people understand and appreciate beauty, strive for perfection in every detail.
